Two gardens today that reflect their owner's creativity. First is Ralph Bristow's Barwitian Garden. This new naturalistic, perennial based garden is a 'tour de force' in design and plant selection. When you're in the garden you're completely immersed and floating. As you move through it, you are drawn to its exquisite detail. There's a picking garden, birdhouse, meadow garden, a dam with summer house, rose beds, floral beds, cherry walk, orchard, veg patch, and a magical forest. Travel

BABBINGTON PARK

(B/L)

The home and garden of celebrity chef Annie Smithers' Babbington Park is our first stop this morning. There are two acres of fruit and vegetables to supply their estate and also Annie's restaurant 'du Fermier' in nearby Trentham. Flower gardens supply blooms to decorate the chapel and the restaurant. There are cows, goats, sheep, chickens, geese and ducks. Annie is treading gently on her earth. She is encouraging her visitors and her restaurant patrons to do the same. Then Annie will cook lunch for us at 'Du Fermier' in Trentham.
